To Whom It May Concern:

I would like to be considered for the real estate agent position. As a family member to one of your employees, I have heard many great things about the company, and I would like to help people find their forever homes. As a soon to be student at Western Michigan, I am planning on studying Business and Real Estate at their Haworth College of Business. I believe my soon to be education, experiences, and passion for others have prepared me to be a successful agent.

I feel confident in my abilities to challenge, motivate, myself and others. My hope is to build connections and help my clients find a home that best suits them. During my time at South Lyon High School, I voluntarily took PEERs as my elective, which allows me to help special needs children. For the last three years, I worked to assist them in finding easier ways to learn and grow as individuals. Having the opportunity to get to know these children and the way others live, has helped me learn to work through struggles and others' needs. This allows me to recognize how important it is to speak up, provide encouragement and energy, and find a variety of ways to adapt to situations. I believe that this gives me a leg up with my people skills which are needed in the career path I would like to take.

Fellow coworkers, teachers and acquaintances would say that I am confident, dedicated, and that I work well with others. I bring to the workplace my enthusiasm, inventiveness, reliability, and professionalism.

My goal is to obtain a position as a real estate agent at Greater North Properties. I'm eager to go into further depth with you about the role and my qualifications. My resume and transcripts are attached. I am available for an interview at your convenience and can be reached at 248-962-5512. I appreciate your time and consideration.

Sincerely,

Peyton Strange
